Tuition

- Because there are limited resources provided to private academies, it is **very important** that your tuition is paid **on time** each month. While it is necessary to charge tuition each month to keep the academy running effectively, we do work hard to keep your tuition at a low monthly fee. Your tuition directly pays for faculty salaries, administrative expenses, and daily operations. Because of our low tuition fees we are not able to offer discounts for annual or biannual tuition payments.
- The first tuition payment secures a position in a class and must be paid in advance by August 1. This amount is **NON-REFUNDABLE** and **NON-TRANSFERABLE** should the student cancel for any reason. If the August 1 deadline is not met, the child's reservation may be canceled to make room for those on waiting lists. If the August 1 deadline is met, the next tuition will be due on September 1.

Late Payment A late fee of \$20 will be charged on any academy account showing a delinquent balance of \$10 or more on the 10th of each month. **If the current balance due is not paid in full by the end of the month, the student will not be allowed to return until it is paid.** If an account is late more than twice, the responsible party will be required to use the Automatic Bank Draft. No academy records, including report cards, health records, graduation diploma, or cumulative files will be released when there is a balance owed on the student's account. No student will be permitted to re-enroll when there is a balance owed on the student's account. If you are experiencing a financial struggle, please notify the administration immediately.
